Optimising utilisation

niftylift.com

nifty 170

With one of the largest working envelopes in its class the **Nifty 170** delivers maximum reach with stability and control. Octagonal boom sections provide strength without compromising on weight and the telescopic upper boom improves accuracy when positioning the platform. Hydraulically operated outriggers and controls make setting up and operating quick and easy, especially on uneven surfaces.

SAFETY FEATURES

- Pressure Sensitive Outriggers
- Audible and Visible Alarms
- Manual Recovery with Hand Pump
- Dual Controls (Platform & Base)
- Lock Valves on all Hydraulic Cylinders
- Overrun Brakes with Gas Spring Hand Brake
- Dual Harness Points
- CE Marked

Due to a policy of continuing development and improvement, Niftylift reserves the right to change any specification without notice. Please confirm exact specification before ordering.

The **170's** outstanding reach makes it ideal for a wide range of applications.

Also available on a self-drivable 2x4 or 4x4 base, the Nifty **170SD**.

Fully proportional hydraulic outriggers make setting up and levelling quick and easy even on gradients.

SPECIFICATIONS

Working Height	17.10m	56ft
Platform Height	15.10m	49ft 6in
